Patient Features

age

```
21                    −   +
```

chest_pain

```
0                     −   +
```

resting_BP

```
241                   −   +
```

serum_cholestoral

```
197                   −   +
```

max_heart_rate

```
180                   −   +
```

oldpeak

```
1.00                  −   +
```

num_major_vessels

```
2                     −   +
```

thal

```
3                     −   +
```

fitness_index

```
5                     −   +
```

oldpeak_slope

```
3                     −   +
```

Predict

Prediction Result

The patient is predicted NOT to have Heart Disease (Probability: 0.20)

Input Patient Data

	age	chest_pain	resting_BP	serum_cholestoral	max_heart_rate	oldpeak	num_major_vessels	thal
0	21	0	241	197	180	1	2	3
